OVERVIEW

GUEST EXPERIENCE

May it be with family, friends or loved ones, there is always something unique to experience at Disneyland Paris. In 2020, Disneyland Paris was named Europe's Leading Theme Park Resort by World Travel Awards and Europe's Best Family Park by European Star Awards, in addition to several fan-favorite attractions being named among the best family rides and dark rides in Europe.

With Disneyland Paris reopening on June 17, there are so many new and upcoming experiences for guests to look forward to, such as the new *Cars ROAD TRIP* which will transport guests into a Cars-themed version of a road trip on Route 66 to discover local natural wonders like The World's largest Lugnut and the Cars-tastrophe Canyon, while encountering popular characters like Lightning McQueen and Mater. Many fan-favorite attractions have also been refreshed recently, such as *Buzz Lightyear Laser Blast*, in addition to beautification projects across the resort.

The long-awaited *Disney's Hotel New York – The Art of Marvel* will open on June 21, immersing guests in New York culture and vibrant energy while celebrating Marvel Super Heroes and their stories. This will be the first ever hotel dedicated entirely to the celebration of Marvel art, with more than 350 pieces of artwork, and the first Disney hotel to host Marvel Super Heroes. Meanwhile, *Disneyland Hotel* will undergo a complete refurbishment to become the first hotel to celebrate a royal theme. This is the next step in an ambitious multi-year plan to renovate all Disneyland Paris hotels – more than 5,700 rooms.

Also this year, *Disney Junior Dream Factory* will invite kids and their parents to experience an interactive, musical show in a brand-new theater along with Disney Junior's most beloved characters, while Sleeping Beauty Castle is undergoing a number of enhancements this year resulting in an overall updated appearance of this beloved icon. Looking to the future, Walt Disney Studios Park continues its ongoing transformation that will add three new themed areas with attractions, shops, restaurants and live entertainment experiences, starting with *Avengers Campus*.

COMMUNITY INVOLVEMENT

Disneyland Paris is dedicated to inspiring lasting and positive change in the community, including championing the well-being of children. Every year, more than 1,000 Disney VolunTEARS bring their talent, expertise, enthusiasm and spare time to the community through outreach actions including on-site daytime events at the resort, wishes granted to children and hospital visits. Disney VolunTEARS are also involved in major solidarity events to raise awareness and funds for important local and national causes. Since March 2020, Disneyland Paris has also donated more than 10 million euros worth of food, medical supplies and Disney-branded products to non-profit organizations, hospitals, and local and national partners.

THE ENVIRONMENT

Disneyland Paris strikes a balance between protecting the environment and growing its business with the long-term goal to set the standard in sustainability for companies in the European leisure and tourism industry, carrying on the strong belief that nature must be protected and preserved which is deeply rooted in Walt Disney's vision and legacy. The cornerstones of this approach at the resort are conserving water, energy and ecosystems; reducing waste and greenhouse gas emissions; and inspiring others to take action for the environment.

Many improvements are regularly made, such as operating an on-site water treatment station and geothermal energy facility, implementing renewable energy and cleaner fuel alternatives, reducing single-use plastic waste and supporting environmental initiatives to raise awareness for guests and cast members. We recently announced the phased development of one of the largest European solar canopy plants in the resort's main guest parking lot as part of our continued commitment to environmental stewardship. The project will contribute to the reduction of greenhouse gas (GHG) emissions by more than 750 tons of CO₂ per year, with a first construction milestone for phase 1 in 2021 and completion in 2023.

ECONOMIC IMPACT

Disneyland Paris is committed to having a positive social and economic impact on its community. In 2017, Disneyland Paris and French public authorities presented the results of a study on the social and economic impact and contribution to tourism of Disneyland Paris over its 25 years. The destination has created more than 56,000 direct, indirect and induced jobs.

Furthermore, between 1992 and 2017, the destination generated €68 billion of added value for the French Government and €7.1 billion in taxes paid. Disneyland Paris represents an impressive economic investment as each Euro invested by the state generates €11.4 in private investment.
